

WE'RE BACK!

The April 2026 Brochure is on it's way with hundreds of new products and some surprises...

**Vista • Maddison • Reed • Urban Decor • Brassware • Accessories
Niche • Mirrors • Heating • Product Display Area • Showvan**

Director's Note

Firstly, an apology as it's been a little while since our last update. The start of the year has been incredibly busy behind the scenes.

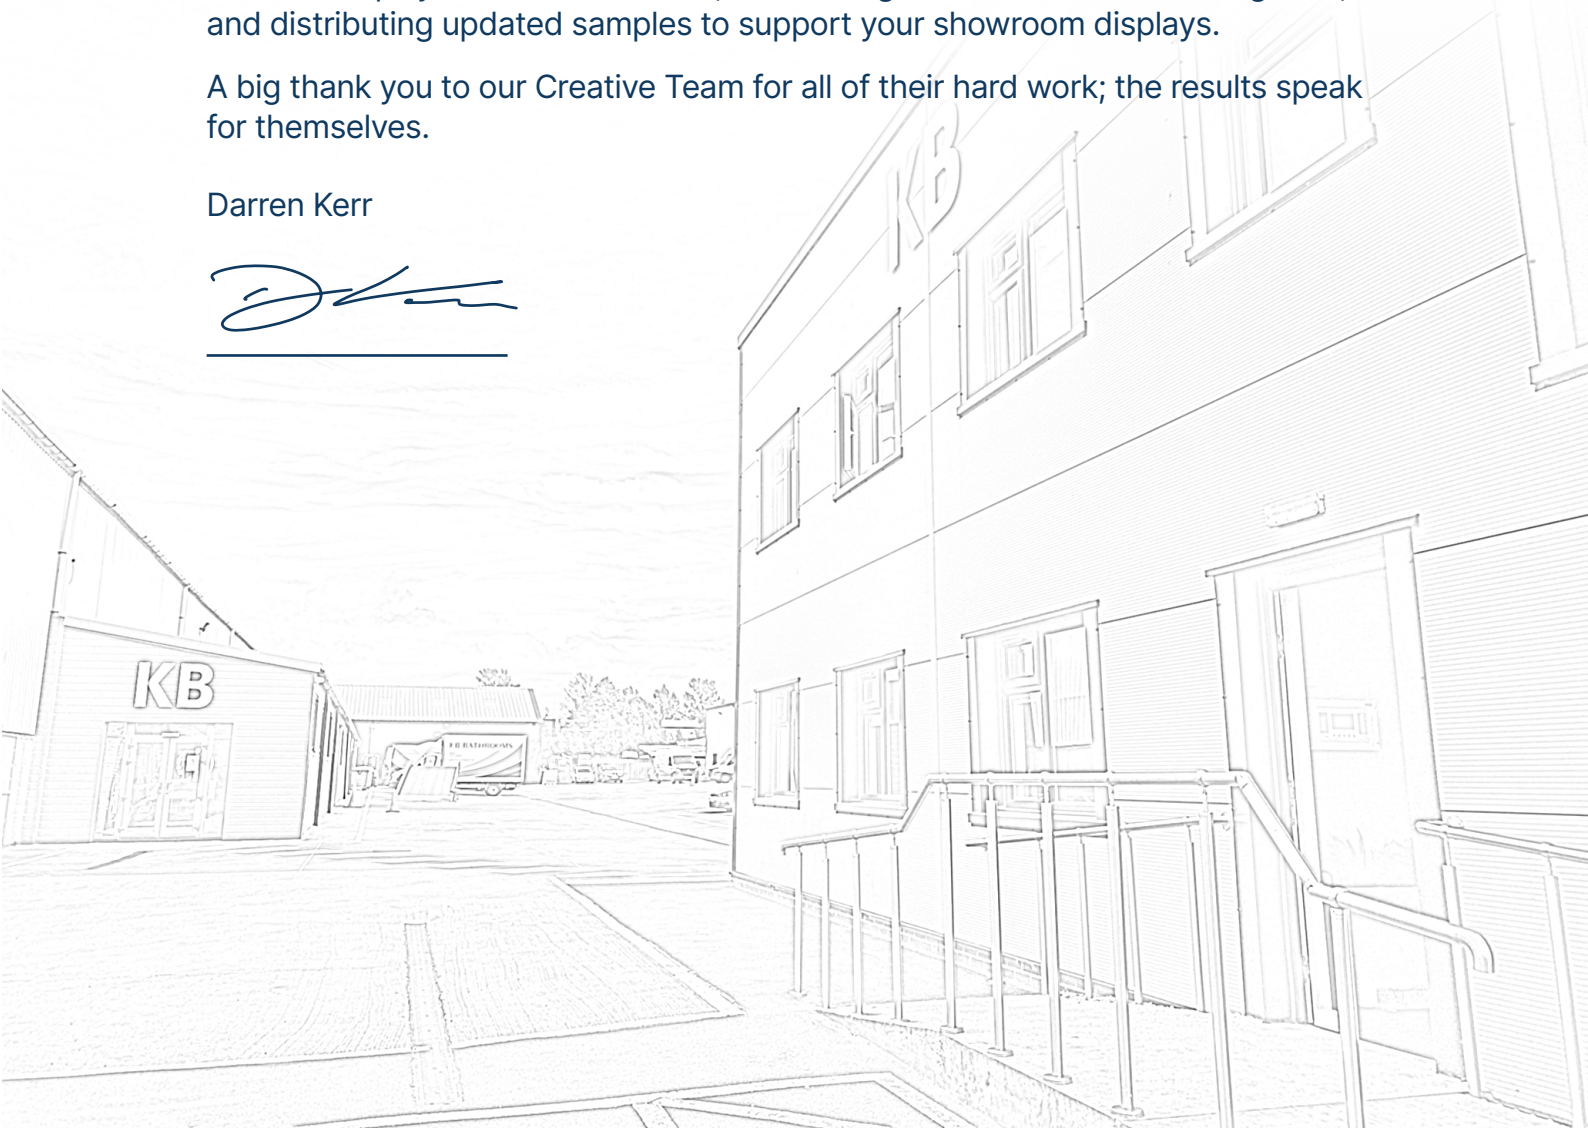

We began the year working flat out to finalise our new Bathroom Collection Brochure, originally due for release at the start of March. Unfortunately, the initial print run did not meet the standard we expect, or that our customers deserve, so we made the decision to proceed with a full reprint.

We appreciate this has caused some delay however, we believe delivering the right quality is non-negotiable. We're confident the final result will be worth the wait.

In the meantime, we've continued to invest across the business, refreshing our Product Display Area and Showvan, introducing a new collections waiting area, and distributing updated samples to support your showroom displays.

A big thank you to our Creative Team for all of their hard work; the results speak for themselves.
