ON-TREND DESIGN FOR EVERY HOME

Whether you're looking for a contemporary bathroom or something more classic, Zaneti's wide range of bathroom furniture delivers beautifully on the latest British design trends. We offer a huge choice of styles, colours and finishes to suit any home – from spacious family bathrooms to cosy cloakrooms.

We have doors in over 30 gorgeous colours and woodgrains, from super-matt to high gloss. Handles for every taste. Mirrored bathroom cabinets, cleverly designed to make everyone look more like themselves. And distinctively handsome, hard-wearing sinks and countertops.

MADE IN BRITAIN

We're proud to be members of Made in Britain, an initiative created to support and promote British manufacturing.

The campaign provides verification that our products have been made in Britain, giving customers the means to make informed choices about what they choose to buy.

QUALITY BRITISH MANUFACTURE

Everything we do is very carefully considered, from the way we design our bathroom furniture to the way we make it – right here in Britain.

We add in extra touches to make you smile. Like soft-close doors that shut with a whisper. Integrated basins. Wall-mounted units to make cleaning the floor easier. Slimline units for the smallest spaces.

And our huge, centrally located manufacturing facility is fully computerised. So we can make and deliver our bathroom furniture quickly, perfectly, inexpensively, and sustainably.

THOUGHTFUL, LOW-IMPACT BATHROOM FURNITURE

As a responsible manufacturer, we are careful about how we relate to the natural world around us.

We bring in raw materials sourced in the forests of Northumberland – not shipped from the other side of the world. Our manufacturing and logistics have been set up with sustainability in mind. And we ship from our plant in the centre of Britain, which minimises each delivery journey.

We also use environmentally friendly materials that don't emit volatile organic compounds, and which contain more natural minerals.

BASINS

Zaneti ceramic basins offer a timeless, naturally glazed finish that reflects centuries of craftsmanship, while our solid surface basins provide a sleek, contemporary alternative with a seamless look and modern durability.
